

Give a Gift that Truly Matters!

Giving just the right gift makes the giver *and* the recipient feel good. When you take the time to find the gift that matters – rather than one that collects dust on a shelf – it means you value that relationship.

Giving a Haiti Solar Oven to a family in desperate need can be that gift. Give an alternative gift of a solar oven through Haiti Solar Oven Partners and your gift will keep on giving.

A Solar Oven Will:

- **Increase food and water security for Haitian families.**

With a solar oven, money spent on charcoal can now buy more food. Solar ovens cook meats, rice and vegetables, and can bake bread – not possible with charcoal fires. Solar ovens can pasteurize water, killing dangerous microbes that cause life-threatening illness, especially in children.

- **Replace smoky charcoal fires with healthy/safe solar cooking.**

Women and their young children cooking with charcoal suffer burns, respiratory and eye diseases. Solar ovens are simply safer!

- **Provide a solution to Haiti's environmental devastation.**

When cooking, virtually everyone in Haiti burns charcoal made from wood. Haiti has lost 98% of its forest cover, resulting in erosion, landslides and flooding. Using solar ovens can help stem this unsustainable practice.

In its 14-year history, HSOP has placed 9,500 solar ovens in the hands of trained Haitians.

The need is urgent and demand for ovens is exploding. HSOP hopes to place 2,300 ovens with trained Haitians in 2015. A robust goal? Yes, but we live with faith that partners like you will help make it happen!

*Gift-giving can be simple, yet profound.

Give the Gift that Keeps on Giving

Haiti Solar Oven Partners (HSOP) offers various levels of gifting. No matter which level you select, know that you are partnering to provide hope and empowerment to Haitians.

Options for Gifting

Option #1: \$50 Shipping and Training

Covers both the cost of shipping a solar oven from the U.S. to Haiti and the training on use of the ovens provided to each recipient.

Option #2: \$100 Component Parts of Solar Oven

Covers the cost of the component parts and manufacturing necessary to build each solar oven.

Option #3: \$150 Complete Solar Oven Package

Put an oven and accessories into the hands of a Haitian family. Your gift includes shipping from the U.S. to Haiti and the training needed to understand the benefits of solar cooking and how to use the oven effectively. Each Haitian recipient also pays a small fee to help cover costs. This fee builds a sense of ownership & empowerment.

Option #4: \$600 - Four or More Ovens Impact a Neighborhood

HSOP takes ovens and training to locations where we have been welcomed by community leaders. To increase the impact of our program, you can purchase additional ovens, training or components that can assist multiple Haitian families.

Direct questions to Rick Jost or Cathy Hoss at 605-692-3391.
