PLEASE NOTE:

- This form is for **use on existing buildings only**; please refer to current ADA and state regulations for new construction or major remodeling projects: <http://www.ada.gov/regs2010/2010ADAStandards/>
- Anyone can complete the audit, e.g. it can be done by a youth group or the trustees, and does not require specialized skills. The best results come when you include persons with disabilities, especially someone who uses a wheelchair and someone with low vision, in the audit process.
- Interview individuals with disabilities and family members of children and adults with disabilities to learn how welcoming your congregation is and to help set priorities.
- This is not an all-inclusive listing of ADA guidelines, but rather represents basic first steps that a church may take to begin to implement accessibility measures.
- Resources are available through your conference Disability Concerns Committee and through the United Methodist Committee on DisAbility Ministry (at <http://www.umdisabilityministries.org/2000.html#4>) to help you plan and carry out improvements.
